Housekeeping notes

Hi Printmakers,

As I sit in freezing Perth recovering from a bout of COVID, I have been somewhat enviously contemplating some of the wonderful things many of our members have been up to worldwide.

Patron Leon Pericles AM has been in Bologna and is about to open in Broome. He certainly deserves being included in the Kings 'Birthday Honours for his contribution to printmaking.

Jo Darvall is doing a residency in sunny Fiji.

Jillian Ciemitis and her husband Peteris have been in Tokyo as part of the 22nd Japan Art Exchange.

Peteris' stature as an accomplished artist and facilitator continues to grow and be recognised.

Renee Parnell has just left for Mongolia with a group of students from Curtin to work on a community project she was involved in in 2019. For this Renee will be wearing her Internal Architecture hat, but she tells me she is hoping to get some printmaking done while she is there.

The boundless energy and creativeness shown by so many is an inspiration indeed and it is always wonderful to hear tales of adventures from far away.

It is also often surprising to learn about the depth of what many of our members have accomplished and I often wish we had more time to yarn and appreciate each other.

Our skill share sessions offer an opportunity to do this while also getting a few pointers on all matters print.

Congratulations also to the PAWA members and friends of PAWA who are finalists in the 2023 FAC Print Awards.

There are many things happening close to home and we look forward to bringing you news of these in our next newsletter.

Stay warm, stay well, stay creative.

Elizabeth Morrison

President.

Gallery Central will be the focus point for the Overwintering Project, a showcase of printmakers exploring the theme of migratory birds.

This exhibition will showcase original artworks from across Australia and New Zealand (each print is on paper 28cm x 28cm), created in response to the epic and miraculous journeys of the Migratory Birds across the East Australasian Flyway.

These Birds (some weighing the same as a TIM TAM), are currently critically endangered.

Artists have donated 2 prints to the Overwintering Print Portfolio – 1 for sale and the other for the permanent collection which is exhibited in venues across Australia on an ongoing basis. The intention of the project is to raise awareness of the threatened status of these migratory shorebirds and raise funds for BirdLife Australia to continue research and habitat protection.

The exhibition and public program complement the Overwintering Project, devised by artist and printmaker Kate Gorringer-Smith (Melbourne) in 2018, an ongoing collection of over 335 handmade prints.

Prints created by South Regional TAFE and North Metropolitan TAFE Visual Arts students and lecturers will also form part of the Overwintering exhibition at Gallery Central.

This partnership is a wonderful opportunity to build connections between the metropolitan and the regional districts as well as celebrating the power of Visual Arts to mobilise people.

Launch evening: Thursday 22 June 2023, 6-8 pm

Panel discussion Friday 23 June 2023, 12 noon to 1.30pm

The Overwintering Project exhibition will run from 29 May to 7 July 2023.

Exhibition hours: 11am to 4.30pm Monday to Friday.

Gallery Central would like to acknowledge our special relation with PICA in regards facilitating the Artist Talk featuring our recent raduate Bryce Olsen.
